ORDERING TIPS

PLACING YOUR ORDER:

All orders are due by noon! Orders placed after noon are not guaranteed.

When placing orders, please have available:

- Customer Name and Account Number Item Number and Quantity
- Many items are available as full case or as individual pieces
(note: broken case charge applies to pieces)
 - Example: 921088 Frozen Strawberries 4+1 6/6.5# tubs per case or 921088P for an individual 6.5# tub
 - A broken case charge will be added to each **P**iece item increasing the individual unit price

ADDING TO YOUR ORDER:

If you need to add to your order, please contact the office right away to add the item(s). If it is after business hours, call the office 517-368-5174, and leave a detailed message including your company name, item description and quantity on the answering machine. While drivers will do their best to add items to your delivery, add-on items are not guaranteed.

MINIMUM ORDER:

Each customer will have a minimum order total. If the order is less than that amount, office staff will need to ask for delivery approval before completing and scheduling the order.

- If the order doesn't meet the minimum, consider adding shelf stable products such as napkins, to go containers, straws, garbage bags, cutlery etc. to meet the requirement.

CAN'T FIND IT?

If you can't find what you are looking for in the product list, please call the office and a staff member will be happy to assist with your inquiry. We may not be able to source every item you need, but we will definitely give it our best effort!!!

Please do not email orders. If the email recipient is out of the office, your order may be missed and will not be delivered in a timely manner.

Serving Smiles across Michigan and the Midwest since 1976, Frosty Products specializes in soft serve frozen treats and is most commonly known for its flagship nonfat Frostyogurt frozen yogurt and award-winning Frosty Products Classic Custard — a soft-serve frozen custard recipe that dates back to the 1930s!

In recent years, Frosty Products has expanded its product line to other great desserts such as the versatile Frostyogurt Smoothie & Shake Mix, Frostyogurt No Sugar Added, Frostyogurt Tart & Tangy, premium gourmet Frosty Ice slush mixes, and vegan options including Frosty Products Vegan Almond Milk Soft Serve and Frosty Products Vegan Tahitian Vanilla.

Frosty Products is a woman-owned, family-operated business that strives to stimulate growth in the community. Strong relationships are a pillar of their business, and Frosty Products treats all customers with the high level of care and respect that you would expect from a small business.

DIPPING CABINET SETUP

THE FAVORITES

A large percentage of your business will be done with the traditional favorites, such as vanilla, chocolate and strawberry. These flavors should be placed in the most convenient area of your dipping cabinet for efficiency.

SLOW-MOVING FLAVORS

If you notice a flavor that is not selling as fast as others, place it in a far corner of the freezer or right next to the compressor. These areas are slightly colder and will help in maintaining the product longer.

NUTTY ICE CREAM

Ice cream flavors that contain nuts tend to be the hardest to scoop. Be sure not to place these flavors in the colder areas of the cabinet.

FEATURE FLAVORS

When you are promoting “new” or “feature” ice cream flavors, be sure to display these in the front and center locations of your dipping cabinet. This will allow maximum exposure to your customers.

COLOR COORDINATE YOUR DISPLAY!

Remember, customers will select what is appealing to the eye. It's very important to arrange ice cream according to color. For example, a green-colored ice cream such as Mint Chocolate Chip should be placed next to Strawberry or Vanilla rather than another green-colored ice cream such as Pistachio.

FLAVOR LISTINGS

Be sure to place your flavor listings where they can be easily read by customers waiting in line. This will give them time to decide on a flavor before it is time to place their order.

A CLEAN DISPLAY

Always keep your dipping cabinet clean and well maintained. Check cabinet temperatures regularly and defrost when necessary.

ICE CREAM DIPPING INFORMATION

DIPPER SIZE	AVERAGE YIELD
No. 10	19 dips per gallon; each dip weighing approximately 3 3/4 oz.
No. 12	23 dips per gallon; each dip weighing approximately 3 1/8 oz.
No. 16	29 dips per gallon; each dip weighing approximately 2 1/2 oz.
No. 20	38 dips per gallon; each dip weighing approximately 1 7/8 oz.
No. 24	44 dips per gallon; each dip weighing approximately 1 5/8 oz.
No. 30	60 dips per gallon; each dip weighing approximately 1 3/16 oz.
No. 40	144 dips per gallon; each dip weighing approximately 1/2 oz.
IDEAL DIPPING TEMPERATURE: 6-10 DEGREES	

INSTRUCTIONS

DRY DIPPER

Remove water from dipper by tapping lightly on dipper pad.
Water on ice cream creates crystals that look and taste bad!

CIRCULAR SCOOPING

Ice cream should be at 5 to 7 degrees for the best dipping results.
Start scooping close to can wall, cutting about 1/2 inch down.
Continue cutting in a circular pattern, rotating the can by hand.

COMPLETING THE SCOOP

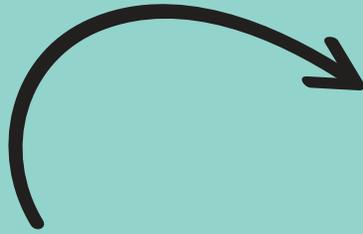

When the dipper is full, turn the dipper under the ball of ice cream to round out, fill in the vacant pockets and lift up.

SCOOP CONTINUES

Begin the next scoop where the last one left off. Continue scooping in a circular pattern, removing one layer of ice cream at a time. Never compress ice cream. Dipping downward into the ice cream compresses the ice cream, changes the texture and reduces the yield.

CHOCOLATE SHOPPE ICE CREAM

SMALL-FARM MILK

All our milk comes from a family-run farm just 20 miles away, where cows graze on open pastures
